1	Letter no Fe 13216 Ag c 2085-20 dated 29 th April 1929 from the Deputy Commr Tinnevelly district regarding sanction to the proposal of the Sivakasi town panchayat in the matter of shifting the Shandy from its present place to a site selected by the Sanitary and Town Planning Engineer
J	The majority of the municipal councillors have agreed to the proposed shifting and also to take on lease the lands for a period of five years at the rate of Rs 50 per year
N	The President's report explains the entire history of the case and there are parties both for and against the proposal
S	The President explains the necessity for the shifting of the present shandy in the last but one para of his report
R	The owner of the lands had executed an agreement agreeing to lease out the lands to the municipality for a period of five years at the rate of Rs 50 a year The owner reserves the right of access to the lands and the manner of the transactions and also trees existing on the lands instead of taking out the lands on a lease. It would perhaps be advantageous for the municipality to acquire the lands outright for all, so that they may have an indefeasible title to the lands If approved the Collector may be asked to furnish his opinion on this aspect of the question
—	Not desirable as one of the parties is against the sale

Sir

In forwarding herewith report No 504/28-29 dated 15th January 1929 from the President Sira Town Municipal Council and subsequent correspondence on the subject from him in the matter of shifting the shandy from its present place to that selected by Mr Marker Town Planning and Sanitary Engineer I have the honor to state as follows -

I discussed the matter with the Sanitary Commissioner President and several members of the Municipal Council on the 7th instant The Council have passed a resolution approving of Mr Marker's proposal that the shandy should be shifted to a place on the Tumkur- Sira road at a short distance from the town and that the present shandy site in the heart of the town should be disposed of as building sites Dr Harvey and myself are in favour of this proposal It is inexpedient to have the shandy in the heart of the town particularly when the persons resorting to it come from infected places In these circumstances, I request that Government may be moved to accord sanction to the resolution of the Municipal Council

As the question has been pending from a long time the President has been asked to take necessary action in the matter

The land where the shandy is proposed to be held is a private holding The owner has agreed to lease out the same at

to the municipality for a period of 6 years at the rate of Rs 50/- a year and the Municipal - Council has agreed to the payment of the amount I request that this proposal of the Municipal - Council may also be sanctioned

I have the honor to be

sir
